According to this letter, there are now 39 old Societies and a number of new Societies & he proposes 'bonuses at the rate of Rs 2/- to Rs 50/- according to work done. Perhaps this may be sanctioned. The total no. of Societies at the end of 1925-26 as per annual Deptl Report is 79.

The Regr wants Rs 500/- for magic lantern slides on cooperative subjects. As this kind of work will leave a lasting impression on the people concerned, this may also perhaps be sanctioned.

Rs 500/- are proposed for providing deserving members of good Societies with improved ploughs at half cost. This seems to be a move in the right direction and may perhaps be allowed.

As regards industrial cooperation the Regr & the Dir of Agrc, have after some discussion, decided to supply charkas at half cost to members of Depressed class Societies

and to arrange for weaving demonstrations in weaving centres to educate weavers in improved methods. For each of these purposes the Reg^r proposes to spend Rs 1000/-

The recommendation to encourage weaving is in accordance with the opinion of the Coop. Cmte. (Vide paras 95-100 of the Report)

Lastly, the Reg^r wants to utilise Rs 1000/- for granting small subventions to depressed class Societies. This seems to be necessary as it has been recognised that these Societies cannot maintain themselves without Govt help.

To

C. Ranganatha Rao Sahib, Esq., B.A. B.L.,
Secretary, Mysore Economic Conference, Bangalore.

Sir,

Adverting to Government Order No.Rel.37-60/E.C.3-26-1 dated 14th August 1926, desiring that immediate action should be taken to submit definite schemes for utilising the grants sanctioned by Government for the purposes concerned I have the honor to submit herewith the following proposals for favour of sanction of Government to utilize Rs. 5,000/- grant made for Industrial Co-operation and the financing of Depressed class co-operative societies.

2. Government have recognized the principle of granting small bonuses to Secretaries of Depressed Class societies for managing their affairs efficiently as it is difficult to get suitable men to undertake this work. Last year a sum of Rs. 500/- was given out of the grant as bonuses. As a large number of societies for Depressed Classes were specially organized during the year 1925-26 and steps are being taken to improve the old ones numbering about 39 a large amount will be spent by way of bonuses to Secretaries at rates varying from Rs. 2 to Rs. 5/- according to the work done by them. I request that Government may kindly be pleased to authorize me to spend Rs. 1,000/- for granting small bonuses to the Secretaries of Depressed Class Societies.

3. With a view to educate the members of the Depressed Classes in the aims and objects of co-operative societies, I wish to make the best use of the Magic-lantern graciously presented by His Highness the Yuvaraja for propaganda work. Slides on temperance,

thrift and sanitation specially suited to local conditions have to be got prepared. The whole set may cost about Rs. 500/-. I therefore request that I may be permitted to spend Rs. 500/- for purchasing the Magic-lantern slides on co-operative and other subjects relating to rural civics.

4. To push on Agricultural Co-operation among the depressed classes, I wish to utilize about Rs. 500/- for providing deserving members of good societies with improved ploughs at half cost, as they are themselves unable to purchase the ploughs at a heavy cost.

5. As regards Industrial Co-operation, myself and the Director of Industries and Commerce, after some discussion, have come to the conclusion that the best way of giving an impetus to Industrial Co-operation this year is by popularizing the use of charkas among the members of co-operative societies including the depressed classes and to arrange for weaving demonstrations in weaving centres with a view to educate the weavers in improved methods of weaving. The Director of Industries & Commerce has agreed to supply charkas at Rs. 2-4-0 per charka at his Workshop and I propose to supply the same at the same cost to societies after meeting all the transit and other incidental charges from this fund. I want to supply charkas to the members of Depressed Class societies at half the usual cost i.e., at Rs. 1-2-0 per charka meeting the other half from this fund. In order to meet these items of expenditure I may require Rs. 1,000/-. For arranging for weaving demonstrations about Rs. 1,000/- will be utilized this year. For granting small subventions to Depressed class societies in their initial stages, I propose to utilize about Rs. 1000/- this year.

6. I request that the orders of Government for utilizing the grant of Rs. 5,000/- in the manner mentioned above may kindly be obtained

obtained at a very early date.

I have the honor to be,
Sir,
Your most obedient servant,

M H Ramayya
